Decision of Editor-in-Chief JAFEB Re: submit paper Inbox x

Prof. Lee, Jung Wan <jwlee119@yahoo.com> to me 10 Jan 2021, 12:04

Dear Author(s),

Thank you very much for submitting your research article to *Journal of Asian Finance, Economics and Business (JAFEB)*. We have read the paper and we found that the topic is very interesting. However, the editorial board does not believe that the current manuscript meets the standards and submission guidelines of the journal.

Editorial Board's Selection and Revision Invitation Policy (Updated on October 2020): All new submissions to the journal are assessed in **two stages**. The first hurdle is an editorial screening where we evaluate whether a paper is likely to get through the peer review process or not. If the Desk Editor finds that the submission is suitable for the aims and scope, standards, and Editorial Board's selection policy of the journal then the Desk Editor invites to revise and restructure the manuscript (in a **combined file** based on **the journal template**) and resubmit a revised manuscript for further consideration of the Desk Editor. Please be noted that only about 20% of our submissions pass this hurdle.

Congrats! This revision opportunity is your case. **The submissions we decide to take forward for the peer review process need to be well structured, well written, good presentation of English, firmly anchored in existing academic literature, and complete compliance with the revision request and template.** Only after careful consideration by the Desk Editor based on the editorial grounds, the Desk Editor will selectively send the paper out to external peer reviewers.

Article Publication Charge (APC): JAFEB is an **Open Access** journal accessible for free on the Internet. Yet, the print and online publication process does involve costs including those pertaining to setup and maintenance of the publication infrastructure, routine operation of the journal, processing of manuscripts through peer-reviews, editing, publishing, maintaining the scholarly record, and archiving. To cover these costs, the journal depends on **APC also called "Article Publication Charge" (US dollar \$500 or Korean currency 600,000 Won) per article so that APC is mandatory.** There are **NO** submission charges for JAFEB whether the article is rejected, reviewed, or accepted. **Important:**

Though the direct immediate result of our effort sometimes does not come along in the direction of our wishes, we must go forth confidently in the direction of our dreams. We will continue to speak of championing of humbleness, integrity, excellence, persistence, determination, and perseverance. We wish you best of luck in your future endeavors as we respect your dedication to the strong work ethics and creating shared value for a better world.
